

LOCAL SEO BACKLINK GUIDE

THE CAVEMAN VERSION | 3 CLIENTS | MAY 2026

WHAT IS THIS?

You want Google and AI to find your business when local people search for you. Backlinks are links from other websites pointing TO your site. The bigger and more trusted that website — the more Google trusts YOU.

THE SIMPLE RULE:

Big website talks about you + links to you = Google thinks you are important. More important = you show up higher. Higher = more customers.

YOUR 3 SITES — WHERE THEY STAND RIGHT NOW

WEBSITE	MONTHLY VISITORS	KEYWORDS RANKING	STATUS
toothology.care (Brooklyn, NY)	94	74	Just starting

waynesroofingco.com (North Jersey)	684	369	Growing

All 3 sites are early-stage. This is GOOD NEWS — even 3-5 quality backlinks will make a noticeable difference fast.
